Section 12 – Information to provide with your application

Please refer to the VOC3-B form for a detailed description of the information you will need to provide with your application.

You should submit your application electronically by emailing it to registration@mcnz.org.nz. Each document should be a clearly-named attachment.

- ☐ Copy of passport photo page (with the photo clearly visible).
- ☐ Evidence of name change or name variations, if names differ on passport and qualifications (e.g. certified copy of marriage certificate/divorce decree or original statutory declaration/affidavit) (if applicable).
- ☐ Qualifications – the qualifications which you rely on to gain vocational registration will need to be primary source verified by EPIC (see below). You may wish to include additional qualifications (and official English translations, if applicable) to support your application. These additional qualifications will not need to be verified through EPIC.
- ☐ Up to date curriculum vitae (CV), showing all employment/appointments in chronological order with the start and end date of each position in month/year format, and explanations of all employment gaps.
- ☐ Copy of specialist training programme syllabus for the time you were in training, or a self-written description.
- ☐ Copy of logbook (for surgical scopes only).
- ☐ Evidence of continuing medical education within the last five years.
- ☐ Copy of offer of employment in New Zealand (if applicable).
- ☐ Copy of IELTS or OET results (if applicable).
- ☐ Additional information form for the vocational scope you wish to be assessed against (if applicable).
- ☐ If you have answered 'Yes' to any questions in section 10 (ii) or (iii), or section 11, provide information as requested above.
- ☐ **You must upload your required documents to EPIC for primary source verification *before* submitting your application for registration. You are required to upload your primary medical qualification and your postgraduate medical qualification(s) awarded at the end of your period of specialist training.**

As you upload each document to EPIC, please ensure you select the Medical Council of New Zealand to receive a notification that the document has been submitted for verification. If you have already had your documents verified by EPIC, please make the report available to the Medical Council of New Zealand.

EPIC ID Number: C-_____

Section 13 – Request for 3-year limitation on provisional vocational scope (if granted)

The Medical Council of New Zealand expects that doctors registered and practising in a provisional vocational scope work towards gaining their vocational scope. This should be achievable within 18 months of full-time equivalent practice.

Council requires applicants to make the following request when submitting an application for provisional vocational registration.

☐ I request (under section 142 of the HPCAA) that my registration in a provisional vocational scope of practice (if granted) will be cancelled 3 calendar years after it is granted.

Section 14 – Declaration

In making the following declaration, I confirm that I am aware that Council will make a decision on my registration in reliance on the information I have provided in my application and that the provision of false, misleading, or incomplete information may result in the cancellation of my registration and other penalties. I understand this includes:

Section 146 of the HPCAA allows the Council to cancel a person's registration if satisfied that they obtained registration by making a false or misleading representation or declaration; or that they were not entitled to be registered.

Section 172 of the HPCAA makes it an offence for a person to make false or misleading declarations and representations in relation to any information that is relevant to the Council, the Health Practitioners Disciplinary Tribunal or a Professional Conduct Committee. A person may be liable on summary conviction to a fine not exceeding \$10,000.

- I certify that I am the person who is applying for registration as a medical practitioner in New Zealand, that I am the person named in the qualifications listed on this application, and that the information I have given **above and in support of** this application is true and correct.
- I understand that the information that I have provided is to be used by the Council and its agents for the purposes of considering my application, and may be disclosed to agents of the Council for these purposes.
- I understand that the Council may wish to obtain further information from me or any other person or organisation concerning this application and I consent to the collection of such information by the Council or its agents subject to the Council notifying me of the person who will be contacted and of the questions that will be asked of them. I further understand that although the provision of any information by me is voluntary, refusal to provide any information may affect the Council's consideration of my application.
- I authorise the Council to disclose information about me (within the provisions of the Privacy Act 1993) to another agency or agencies, if the Council believes on reasonable grounds that the disclosure is necessary (including district health boards (DHBs), employers, NZ Immigration Service, or medical colleges).
- I understand that I am entitled to access the information held by the Council regarding this application by a request in writing and that I may request amendment of any information that is not correct.
- I authorise Council to disclose information to the Education Commission of Foreign Medical Graduates (ECFMG) for the purposes of completing the primary-source verification process with the Electronic Portfolio of International Credentials (EPIC).

Section 15 – Fees

A non-refundable application fee applies. Please see our website for a [current list of fees](#).

Once your application has been received, payment details will be emailed to the email address you have provided on this form.

Other fees required for your application are the fee for **preliminary advice** and the fee for **interview advice**. You will be advised when you are required to pay these fees.

Preliminary advice – if you are overseas and would like an initial indication of your likelihood of success, your application documentation will be sent to the relevant specialist medical college, as advisory body to Council, which will assess your qualifications, training and experience against the standard of a New Zealand vocationally-trained doctor registered in the same vocational scope. Based on this advice, Council may decide to grant you eligibility for registration in a provisional vocational scope, enabling you to start work in New Zealand.

Interview advice – upon arrival in New Zealand, or if you are already in New Zealand, it is very likely that you will be required to attend an interview with the relevant specialist medical college, as advisory body to Council. This is to provide final advice on the equivalence of your qualifications, training and experience, and to determine the requirements you will need to complete for vocational registration.
